

It gives me great happiness and pride to share an appended mail announcing the success of my PhD student, Sachin Kadian, (copied here) for the SERB-UAlberta (Canada) Fellowship program under the prestigious SERB-OVDF (Overseas Visiting Doctoral Fellowship) program.

The selection process, as known to most, is highly competitive and only the brightest few get the opportunity to get selected.

Approaching 10 high impact SCI publications (published/submitted) in a very short time, many appreciations for Sachin for all this hard work and for bringing laurels to IIT Roorkee and the department.

Dr. Gaurav Manik,
Associate Professor, Department of Polymer and Process Engineering
Indian Institute of Technology (IIT) Roorkee
